1. Introduction

This Personal Finance Operating Credit Policy (hereafter referred to as this "Policy") establishes the comprehensive credit principles, eligibility criteria, approval standards, and risk controls governing the origination, assessment, approval and management of Personal Finance facilities offered by the Bank to individual customers. This Policy ensures that personal finance is extended in a prudent, responsible, Sharia-compliant, and regulatorily compliant manner, in alignment with:

- Bank's approved Group Risk Management Framework
- CBUAE Regulations and notices
- Consumer Protection regulations and standards
- Sharia principles as approved by the ISSC

This Policy serves as the authoritative reference document for all stakeholders involved in the Personal Finance lifecycle, including Front-End Sales, Credit Underwriting, Risk, Operations, Compliance, Audit, and Regulators.

2. Purpose

The purpose of this Policy is to:

- Consolidate and formalize all previously approved Personal Finance credit parameters;
- Define **minimum eligibility standards**, acceptable risk profiles, and financing limits;
- Establish clear rules for fresh finance, liability consolidation, liability settlement, and special schemes;
- Ensure consistent credit decision-making across all Personal Finance segments;
- Mitigate credit, operational, regulatory, consumer, and Sharia risk.

3. Scope

This Policy outlines the following scope:

- This is an operational Policy and serves as a comprehensive guideline for the Credit Approval Team and all end users, specifying Personal Finance eligibility criteria in alignment with Dubai Islamic Bank's (hereafter referred to as the '**Bank**' or '**DIB**') risk appetite and regulatory requirements.
- This Policy applies to all segments and sub-segments within Personal Finance for individual and select self-employed individual customers who have a regular and verifiable income stream.
- This Policy applies to all fresh, new and repeat finance deals underwritten by the Retail Credit Department and applications submitted via digital channels. This Policy does not cover underwriting parameters for stressed customers.
- This Policy is governed by Bank's approved Policy and Process Management Framework and shall be reviewed and renewed in accordance with the framework.
- The Personal Finance Product is offered under its Product Development Document (PDD) and the structure and risks are duly captured therein.

	The maximum age of customers blocking FD for a third party is also 70 years			
Min. Finance Amount	10k for Fresh Finance and 5K for Liability Consolidation (Top Up)			DIB
Debt Burden Ratio (DBR)	1. The DBR is calculated individually for each income type which is 30% is applied to the pension income, and 50% is applied to the salary income 2. The DBR calculation for DIB staff is managed exclusively by DIB-HR. This ensures that staff DBR assessments are handled according to internal policies and process. 3. When a customer has dual income streams (pension and salary), calculating DBR as 30% of pension and 50% of salary can be challenging. To address this, the Finnone system is designed to use 60% of the pension and 100% of the salary when calculating DBR. This approach ensures the result remains consistent with DBR calculations, and there will not be any breach of the DBR limits 4. DBR calculation is not applicable for finance against TD/cash secured			CBUAE
Tenure	Minimum	6 months. < 6M allowed for a finance secured by Investment		DIB
	Maximum	48mths & 60mths (MOD)		CBUAE
Finance Multiples	15x for MOD and 20x for Non-MOD			CBUAE
	For scored segments	As suggested by scorecard based on internal & external risk ratings and within CBUAE regulation		DIB
	For non-scored segments	As per internal policy and within CBUAE regulation		DIB
Other Conditions	1. Ministry of Defense employee ID cannot be sighted or collected as copy. Customer income or employer can be verified either digitally or through the income document 2. Mandatory AECB checks at time of approval 3. Security cheque, Licensed Financial Institutions must only take from the Consumer the number of post-dated cheques covering the instalments and of value not exceeding 120% of value of the loan/financing or the debt balance. 4. Emirates ID to be considered for identification & DDA setup purposes across all nationalities however diplomat ID cards issued by UAE ministry of foreign affairs can be accepted • Those exempted by law from obtaining a UAE ID Card must provide original passport as proof of identity and nationality. These individuals are supplied with identification card issued by the Ministry of Foreign Affairs and International Cooperation (Diplomatic/Consulates/International Organizations/and GCC Nationals 5. DDA for Non-DIB accountholders is mandatory. 6. Liability Consolidation (known as Top Up) allowed after 12 months as per CBUAE regulation 2901/2011 Clarification & Guidelines. If a customer avails finance amount for a lower amount than his eligibility or there is significant increase in his income level in subsequent months due to promotion etc. bank may reassess his eligibility after proper verification. In such a case, either existing finance is enhanced (if possible under Sharia nominated contracts) or a new finance is provided. For more details, please refer to Liability Consolidation section on page 4			CBUAE

Regulatory Restrictions	1. In case of salary reduction for reasons other than retirement, the bank/company could adjust the DBR to 50% of the reduced salary by extending tenor (to be reported as arrangement in AECB), as per Article 20-1 of Notice No. 2901/2011 dated 28/4/2011, and in both cases, no bank or finance company should provide additional facilities/funds when the remaining tenor of personal finance exceeds the respective regulatory limits. 2. Personal finance should not be structured as an overdraft (OD). 3. 2. Bank's appointed External Auditors and their employees are restricted for retail products Any of the below external facilitates observed in AECB not allowed for further financing: a. National default debt settlement fund. (NDDS) b. National loan Scheme (NLS) – however if NLS is being closed with a new finance within CB regulation of tenure, multiple, DSR then it is allowed. Please refer to Long Tenure Finance under annexure 1, Documentation and General Guidelines 2. When customer has a facility with remaining tenure more than prescribed by CBUAE for Personal Finance or Home Finance. Fresh finance can be extended to customers having government backed housing program's facility with tenure more than 300 months, barring customers who have ever been part of CBUAE NDDSF list	CBUAE
Affordability Assessment to comply with Consumer Protection Regulation (CPR)	The Consumer Protection Standards as set by the Central Bank of the UAE (CBUAE) in December 2020 is an essential pillar for strengthening consumer confidence by establishing transparency and promoting customer's interest. The Consumer Protection Regulation (CPR) emphasizes on disclosure, transparency and responsible business conduct through any distribution channels with special attention to the criteria which are part of Consumer Protection Standards. To ensure compliance to CPR regulation, it is mandatory that the Bank assess its products suitability and affordability by assessing lifestyle expenditures of a customer. Please refer to Retail Credit Policy Document, Consumer Protection Standards for more details. The affordability assessment is applicable to all salaried individuals and Self-Employed customers having company with legal status as Sole Establishment	CBUAE
PF not to be used down payment for Home Finance	The level of down payment required from the home finance applicant should be from applicant's own resources and not from other source of finance including personal finance or covered cards (credit card for conventional banks). All such home finance applicants will not be allowed Personal Finance for a period of 2 months to ensure that proceeds are not used for Home Finance down payment ((CBUAE Regulation 31/2013)	CBUAE
Related Party Transaction	PF offered to staff must be strictly as per standard terms and pricing approved in HR Policies. Any exceptions must be approved in accordance with Related Party Transactions Policy of the bank

8.1 DOCUMENTATION AND GENERAL GUIDELINES

KYC Documents
For Existing to Bank (ETB) customers
If KYC in core is valid, the KYC check at RCD will not be done if sales does not change any field mentioned. Also, for ETB customers with valid (not expired) KYC, documents need not be uploaded in Finnone as the same is available in document management system (DMS). For ETB customers with expired KYC in core, information to be updated by Sales and document should be uploaded in Finnone. The modified fields will be highlighted as ORANGE at DDEQC stage and Credit Analyst to do the QC on the ORANGE highlighted fields only

EFR applicability: For NTB & ETB PDC and for LS NTB, the EFR is mandatory at QDE stage. For STL and LS ETB customers, EFR will not be done if KYC is valid else EFR will be done at PDOC stage if KYC has expired
Wherever EFR is mandatory and it is not successfully performed due to technical reason, the ID validation process will be as per Compliance's guidance in line with the CDD/EDD Documentation Checklist and Operational Risk.

8.4 PROCESS ON SETTLEMENT OF EXISTING FINANCE (S)

1. DIB front-end staff will verify the following details from the customer to ascertain customers pre-qualification under relief policy:
   a. Customer must have an existing facility with DIB.
   b. Customers income is impacted as clarified in point 7.7.5 or 7.7.6 from the time the original facility was applied; and
   c. The total obligations of the customer are more than fifty percent of customer's revised salary.

   Once the above conditions are met, as per Central Bank regulations, customer must be provided relief so that his monthly obligations are brough below fifty percent of the revised salary.
2. The bank will ask the customer the required documents (as applicable) and in addition will seek a customer request / application to be treated under the relief policy.
3. Based on the documentation shared and proof of financial stress the retail credit department will analyze the case. As part of their checks:
   a. Fresh AECB report is pulled to analyze the complete customer financial obligations within DIB and outside DIB.
   b. Other checks as per the RCD policy are done.
4. If the customer meets the "distressed" criteria (as per **Central Bank Mandatory requirement:** Monthly payment is more than CBUAE DBR permissible limits):
   a. Customer will be classified as **distressed and** considered **approved** under the Relief Policy.
   b. The duration of the facility will be extended such that customer monthly payment is maximized to CBUAE permissible DBR limits of customer income.
   c. Customer will be asked to provide consent to settle all their existing facilities into 1 facility i.e. the Relief facility. So, if customer has multiple Covered Cards, Personal finance and / or Auto finance they will be closed and the new Relief Facility will be created.
   d. Finance Payment Relief offer extended to the customer will be subject to a fresh and new credit assessment.
5. Once the case is approved, DIB will be following steps, based on standard personal finance approval terms
   a. National Bonds already purchased and owned by DIB equivalent to the amount approved (the **relief facility**) will be sold to the customer at a price which will be based on cost and profit amount. Cost will be equal to the relief facility amount required.
   b. National Bond will receive customer details and the deal information and send a confirmation to the Bank of the transfer of the title to the customer.
   c. Simultaneously, NBC will send a message to the customer confirming the transfer of the title of the Sukuk to him.
   d. Customer may agree to redeem them via electronic communication between National Bond and the customer.
   e. Subsequently, once redemption is requested by the customer NBC will instruct DIB to transfer funds from their account with DIB to the customer's account.
   f. Based on this request, DIB will transfer funds in customer account.
6. This amount received under the **Relief facility** will be used to settle all the customer's existing facilities.
   a. Funds will be credited in the customer account by DIB based on the instructions received from National Bonds from their account with DIB.
      i. The customer account already exists in which this facility will be disbursed.
      ii. No hold or block is placed on the customer account
   b. From the proceeds in the Customer's account existing liabilities are settled except Home Finance proceeds (which is dealt with in accordance with sub-clause iv below).
      i. In case if customer has multiple liabilities (E.g. Covered cards, Personal Finance, Auto Finance etc.) the liabilities are settled one by one.
      ii. Any unrealized profits on existing facilities being settled i.e. Personal Finance and Auto Finance (where applicable) shall be waived off i.e. rebate provided to the customer. (This will not be applicable to cards)
      iii. This new facility amount will approve in a manner which will not result in any additional liquidity to the customer other than the amount for settlement of existing facilities and will always be less than the combined outstanding liability of the Customer. This is in light of the AAOIFI Sharia Standard 59 – Clause 4.1.3.3.
      iv. Home Finance facility will not be settled by Commodity Murabaha proceeds. Instead, the Bank may reduce future periods' profit rates or sell the asset to the Customer at a discounted price.
   c. Once the above steps are completed, Customer will only have one facility with DIB which is the Relief facility.
      i. Customer will have a regular monthly payment for this new facility which will be almost equal to CBUAE DBR threshold of their income.
      ii. The payment will be fixed for the duration of the new facility.
      iii. No new Finances / other products will be approved until the Finance Payment relief linked contract is active.
      iv. If customer income has improved i.e. changed employer and have got better package, then new finance can be considered subject to the full settlement of the Finance Payment relief facility.

***Note**: This annexure outlines the process as it exists at the time of this Policy's issuance. In the event of any changes to the original or primary process, the updated process will take precedence over the content of this annexure without the need for a policy revision.*
