Listening Text 1: Finding the Penguins

Omar: Excuse me, could you help me?

Zoo Keeper: Of course, young man! You look lost! Can I see your zoo map?

Omar: Yes, sir. I have to meet my brother at the penguin house.

Zoo Keeper: Oh, you mean the penguin enclosure? An enclosure is where animals live at the zoo.

Omar: Yes, the penguin enclosure.

Zoo Keeper: Right now you are at the front gate. See?

Omar: Oh yes.

Zoo Keeper: Now go straight. Go past the lion and monkey enclosures.

Omar: Go straight.

Zoo Keeper: Good. Go straight until you see the restaurant. When you see the restaurant, turn left.

Omar: Turn left at the restaurant. Okay.

Zoo Keeper: You will see the alligator enclosure. They are dark green reptiles with a lot of teeth!

Omar: Turn left and go to the alligators. Okay.

Zoo Keeper: Good! Take a right at the alligator enclosure. You should see giraffes. They have very long necks. Hard to miss!

Omar: Where do I go when I am at the giraffe enclosure?

Zoo Keeper: Turn right, young man!

Omar: Okay.

Zoo Keeper: Go straight. Go past the pandas. So cute. And you can't miss the elephants. They're very big.

Omar: Go past the pandas and the elephants.

Zoo Keeper: Almost there. You will see the ostrich enclosure. Ostriches are the largest birds in the world, don't you know? Take a left. Go straight past the camel enclosure. The penguin enclosure will be there! It has to be kept cold to make them happy.

Omar: Okay, I think I can find it. Thank you, sir. Goodbye!

Listening Text 2: A Radio Interview about Service Horses

Radio DJ: You're listening to WUAE, the UAE's best radio station! We have a special guest this morning! Mrs. Kaaren, it's a pleasure to have you on our show today! So, you will tell us how to train service horses?

Mrs. Kaaren: Thank you for having me on your show. Yes, I'm excited to talk about these special horses and how they can help people.

Radio DJ: Ok, so how are these horses different from other horses?

Mrs. Kaaren: Well, they are miniature horses. The main difference is that they are much smaller and easier to handle. They can also live for 30 years!

Radio DJ: Hmm… okay, very interesting! So, how do you train them to be a service horse?

Mrs. Kaaren: Training a service horse is very difficult. It can take up to eight months. First, you need to train the horses to lead so they can walk blind people around different places. Next, you must train them to understand 23 different instructions so they can know what to do for the person with a disability. Instructions can include "stay" and "come". Then, you must teach the horses to move around obstacles, like streetlights, crosswalks and especially other people! Haha… Of course, this is so that the blind person can be safe and doesn't get hurt. Finally, horses need to be trained to live with a family. However, they can't live in a house because it won't be big enough for them to move around in.

Radio DJ: Okay, wow! I've learned a lot about how to train miniature horses! Thank you so much for taking the time to tell us about them!

Reading Text 1: Three Wild Animals

Brown Bears

Brown bears are big animals that live in North America, Europe, and Asia. They live in a variety of habitats, especially forests. Brown bears eat a mixed diet, including fruit, plants, leaves, and small animals. Babies stay close to their mothers. Other bears spend most of their time alone.

Spotted Hyenas

Spotted hyenas are the largest of all hyenas. They look like large dogs. However, they are more similar to cats. They live in different habitats around Africa in large groups of up to 80 members. Hyenas are meat-eating animals, but will eat almost anything. They are sometimes called “laughing hyenas” because of the sounds they make.

Giraffes

Giraffes are over five meters tall. This makes them the tallest animals in the world! They live in grassland habitats in Africa in groups of around six. They are plant-eating animals and eat a diet of leaves that they get from the tops of trees.

Reading Text 2: Honey

A. How do bees make honey?

Honeybees live in hives or nests. They make honeycombs in their hives. Then they find pollen and nectar in flowers and plants. They drink the nectar and mix it in their bodies. Then they put the nectar in a honeycomb and cover it with wax. This becomes honey.

B. What do beekeepers do?

Beekeepers take care of bees and collect their honey. They have to wear special clothing because bees can sting. Beekeepers must be careful when they get the honey. They don't want the bees to feel in danger. Beekeepers must not take all the honey because bees need honey, too. Honey is food for bees, but they must not eat from other hives.

Reading Text 3: How to Train a Falcon

DOs

1. You must buy some equipment. You need leather gloves and a falcon hood. The gloves protect your hand from the falcon's sharp feet and beak. The hood helps the falcon stay calm when it is not hunting.
2. Start training your falcon with food. Put small pieces of meat on your glove. When the falcon comes to you, give it the meat. If you do not give food, the falcon may fly to another person.
3. To train your falcon to catch animals, you need a lure. Tie meat to a rope on a stick. Swing the lure so the falcon tries to catch it.
4. Keep the falcon's place clean all the time. Animals can get sick in dirty places.

DON'Ts

1. Do not make your falcon wear its hood all the time.
2. When training with the lure, do not let the falcon catch it the first time. Let the falcon practise many times.

72. Which equipment must you buy?

(a) a cage and a rope

(b) leather gloves and a falcon hood

(d) hood

74. The hood helps the falcon _____.

(a) see better
(b) fly faster
(c) stay calm when it is not hunting
(d) catch more food

75. What do you put on your glove when you start training your falcon?

(a) seeds
(b) water
(c) small pieces of meat
(d) a toy

76. What may happen if you do not give the falcon food?

(a) It will sleep.
(b) It may fly to another person.
(c) It will get bigger.
(d) It will lose its hood.

77. To make a lure, you tie meat to a _____ on a stick.

(a) glove (b) rope (c) hood (d) cage

78. Why must you keep the falcon's place clean?

(a) The glove will get dirty.
(b) Animals can get sick in dirty places.
(c) Visitors want to see it.
(d) Falcons like to look nice.

79. When you train with the lure, you must not _____.

(a) let the falcon catch it the first time
(b) use meat
(c) let the falcon practise
(d) swing the lure

80. Your falcon must wear its hood all the time.

(a) True (b) False

Reading Text 4: Falconry

Falconry is a very old sport. It means hunting with falcons. Falcons are large birds that can fly very fast. People train falcons to catch small birds.

Training a falcon takes a lot of time and care. First, the falcon learns to listen to its trainer. The trainer teaches the falcon when to fly and when to come back. This helps build trust between the person and the bird.

During training, the falcon learns to fly high and watch carefully. It learns how to see prey and move quickly. This makes the falcon strong, fast, and alert.

Falconry is important in many cultures, especially in the UAE. For many Emiratis, falconry is not just a sport. It is an important tradition that has been passed down through families for many years.
