EXAM PRACTICE • INTERNAL USE

Personal Finance Credit Policy 100 Exam Questions

Calculation-focused practice exam with full answers and workings under every question

Based on: DIB Personal Finance Operating Credit Policy – ref. 2026-07-0005 | 002306 (22 pages)
Coverage: every section – Definitions, Segments, LC/LS/BFI, Scorecard & AECB, Minimum Financing Standards, Target Markets 7.1–7.7, Annexures 8.1–8.4
Accuracy: answers follow the policy text. Where the policy is unclear or inconsistent, the answer is marked with a yellow **NOT 100% SURE** box.

HOW TO USE

Instructions & coverage map

CALCULATION MULTIPLE CHOICE CASE / SHORT ANSWER

- Cover the green answer box, attempt the question, then check the answer and working.
- All amounts are AED. All customers and figures are illustrative; the rules come from the policy.
- "Before DBR" means the amount still has to pass the DBR / affordability check.
- Yellow box = the policy wording is unclear or conflicting – confirm with RCPPM.

Part	Policy area	Calc	MCQ	Case	Total
Part A	Definitions, Purpose & Scope (Sections 1–4)	0	3	0	**3**
Part B	Segments & Schemes (Section 5)	2	3	2	**7**
Part C	Liability Consolidation, Settlement & BFI (5.1–5.4)	4	1	3	**8**
Part D	Scorecard, Employer Codes & AECB (Notes C–D)	4	1	5	**10**
Part E	Minimum Financing Standards (Section 6)	12	1	2	**15**
Part F	Salaried Target Market (7.1)	5	1	7	**13**
Part G	Against TD, Sukuk Packs, Cross Sell, Private Banking (7.2–7.6)	9	0	5	**14**
Part H	Finance Payment Relief (7.7 & 8.4)	6	0	5	**11**
Part I	Documentation & General Guidelines (8.1)	2	0	9	**11**
Part J	Credit Delegations (8.2) & Self-Employed Grid (8.3)	6	0	2	**8**
Total		**50**	**10**	**40**	**100**

QUESTIONS WITH A 'NOT 100% SURE' NOTE

Q25, Q28, Q35, Q66, Q81 – the answer follows the policy text, but the policy itself is unclear on the highlighted point.

Part A

Definitions, Purpose & Scope (Sections 1–4)

Q1 MULTIPLE CHOICE — **Policy: Sec. 4**

A customer holds an Omani passport and works in Dubai. For this policy the customer is:

A. UAE National
B. Expat
C. GCC resident – treated as UAE National
D. Non-resident

Answer: B – GCC nationals are categorised as Expat (definition of EXPAT).

Q2 MULTIPLE CHOICE — **Policy: Sec. 4**

Which statement about DIB Staff is correct?

A. They are processed like Non-TML customers
B. They can be offered pre-approved PF if tagged in Core
C. They are ineligible for financing under the pre-approved segment for any product
D. Their DBR is calculated by RCD

Answer: C – DIB staff are ineligible to receive financing under the pre-approved segment for any product; their income/liability data is restricted.

Q3 MULTIPLE CHOICE — **Policy: Sec. 3**

Which of the following is NOT covered by this Policy?

A. Repeat finance deals underwritten by RCD
B. Applications submitted via digital channels
C. Fresh finance for salaried customers with verifiable income
D. Underwriting parameters for stressed customers

Answer: D – The policy does not cover underwriting parameters for stressed customers.

Part B

Segments & Schemes (Section 5)

Q4 MULTIPLE CHOICE — Policy: Sec. 5 – STL

Which employer categories qualify for the STL segment (salary with DIB + STL in DIB format)?

A. A and B only
B. A, B and C
C. A, B, C and D
D. Any TML or Non-TML employer

Answer: B – TML category A, B & C (plus DIB staff treated as STL Cat A, Wajaha salaried and Ayaan ≥ 12 months).

Q5 CASE / SHORT ANSWER — Policy: Sec. 5 – STL waiver

Customer works for a TML **Cat B** employer, has provided STL in DIB format, but no salary has been credited to DIB yet. HR-CPV confirms next salary will be credited to DIB. Can the "first salary in DIB" requirement be waived?

Answer: Yes – criterion (a) Confirmed Future Credit. Waivers apply only to Cat A, B & C with STL provided.

Q6 CALCULATION — Policy: Sec. 5 – STL waiver (d)

TML Cat A customer changed job and does not have 3 salary credits in the last 90 days. Last salary from old employer: **15 February**; latest salary from new employer: **10 June** (non-leap year). Can the case be accepted under the New-to-Country policy?

Answer:

```
15 Feb → 28 Feb = 13 days
March 31 + April 30 + May 31 = 92 days
1 Jun → 10 Jun = 10 days
Gap = 13 + 92 + 10 = 115 days  ≤ 121 days
```

Yes – the gap is within 121 days.

Q7 CALCULATION — Policy: Sec. 5 – STL waiver (d)

Same rule as previous question. Last salary old employer: **20 January**; latest salary new employer: **25 May** (non-leap year). Accepted?

Answer:

```
20 Jan → 31 Jan = 11 days
Feb 28 + Mar 31 + Apr 30 = 89 days
1 May → 25 May = 25 days
Gap = 11 + 89 + 25 = 125 days  > 121 days
```

No – gap exceeds 121 days, so waiver (d) does not apply.

Q8 CASE / SHORT ANSWER — Policy: Sec. 5 – Salaried/Privileged

Non-TML employee. Salary credits: March – DIB, April – Bank X, May – Bank X. Does the customer meet the Salaried/Privileged salary-transfer requirement?

> **Answer: No** – 3 salaries in total are present, but at least 1 in the most recent month must be credited to DIB. May (latest) went to Bank X.

Q9 MULTIPLE CHOICE — Policy: Sec. 5 – PDC

A PDC customer working for a Non-TML company requests Liability Consolidation. The decision is:

A. Allowed after 12 months
B. Allowed after 3 instalments
C. Not allowed
D. Allowed only with Head of Card approval

> **Answer: C** – "Liability Consolidation for Non TML under PDC is not allowed."

Q10 MULTIPLE CHOICE — Policy: Sec. 5 – Self-employed

Since when have Self-Employed applicants been ineligible for Personal Finance?

A. October 2022
B. November 2022
C. January 2023
D. The segment is still open for UAE Nationals

> **Answer: A** – stopped in October 2022 (Annexure 8.3 parameters are only for cases RCD accepts under deviation).

Part C

Liability Consolidation, Settlement & BFI (5.1–5.4)

Q11 CASE / SHORT ANSWER — **Policy: 5.1.3**

TML Cat A STL customer booked a PF **8 months** ago at **18x** salary. Salary unchanged. Can incremental finance be given under Liability Consolidation now?

Answer: **Yes** – the customer did not avail 20 multiples in the previous finance, so incremental finance is allowed before 12 months (subject to all other norms).

Q12 CALCULATION — **Policy: 5.1.3**

Customer availed **20x** 5 months ago on salary AED 9,800. Current salary: (i) AED 9,950 (ii) AED 10,050. In which case does the income increase alone allow LC before 12 months?

Answer:

```
(i)  9,950 − 9,800 = 150  → less than AED 200 ✘
(ii) 10,050 − 9,800 = 250 → at least AED 200 ✔
```

Case (ii) only.

Q13 CASE / SHORT ANSWER — **Policy: 5.1.3**

Non-TML (DIB salaried) customer, PF booked 10 months ago at 15x, paid **2** instalments. Eligible for LC before 12 months?

Answer: **Not yet** – for Non-TML companies the applicant must pay at least **3** instalments to qualify for LC before 12 months.

Q14 MULTIPLE CHOICE — **Policy: 5.2.2**

Liability Settlement is currently permitted for:

A. TML A, B, C only

B. TML A, B, C, D and DIB Staff

C. All employers including Non-TML

D. DIB staff only

Answer: **B** – TML A, B, C, D and DIB Staff. Non-TML is approved but can be implemented only once system readiness is confirmed.

Q15 CASE / SHORT ANSWER — **Policy: 5.2.3 / 5.2.4**

After a Liability Settlement, the customer (a) wants an Auto Finance before the first salary reaches DIB, and (b) wants a covered card. What applies?

Answer: (a) **Wait** – PF/AF may be applied for once the first salary is credited to DIB.
(b) Covered card upon submission of **STL + Clearance Letters from all banks** where liabilities were settled.

Q16 CALCULATION — Policy: 5.4

BFI employee (Expat), DIB salary transfer **with** STL & EOSB commitment, salary AED 9,500, applying for Fresh PF. Does the customer meet minimum income?

Answer:

```
Expat minimum (with STL & EOSB) = AED 10,000
9,500 < 10,000
```

No. (Max exposure in this row would have been AED 3 million.)

Q17 CALCULATION — Policy: 5.4

BFI employee (Expat) at a TML bank, **no** STL commitment, salary AED 18,000. (a) Fresh PF? (b) Liability Consolidation? (c) Max exposure?

Answer:

```
Fresh minimum = 25K → 18,000 < 25,000 ✘
LC minimum    = 15K → 18,000 ≥ 15,000 ✔
```

(a) **Not eligible** (b) **Eligible** (c) **AED 300,000** (TML).

Q18 CALCULATION — Policy: 5.4

BFI employee (UAE National) with **no** STL commitment, salary credited to **another bank** (PDC), salary AED 4,200. Eligible on income?

Answer:

```
UAEN minimum = 3K for STL & 5K for PDC → PDC applies → 4,200 < 5,000
```

No.

Part D

Scorecard, Employer Codes & AECB (Notes C–D)

Q19 CALCULATION — **Policy: Note C-III**

Both customers meet every policy parameter on the **digital journey**: (a) Expat requesting AED 180,000 (b) UAE National requesting AED 480,000. Which can be auto-passed?

Answer:

```
Expat ceiling  175,000 → 180,000 > 175,000 ✘
UAEN ceiling   500,000 → 480,000 ≤ 500,000 ✔
```

Only (b). (No auto-pass ceiling on the conventional journey.)

Q20 CALCULATION — **Policy: Note C grid – Code 1**

Employer remarks code **1**, Expat, scorecard **Medium** risk, salary AED 8,000. Maximum multiples-based amount in (a) STL (b) PDC?

Answer:

```
(a) STL  → 20X × 8,000 = AED 160,000
(b) PDC  → 10X × 8,000 = AED  80,000
```

Before DBR and other caps. If High risk → **Expat Auto Reject**.

Q21 CALCULATION — **Policy: Note C grid – Code 7**

Employer code **7** (hourly-wage employer), Expat, Medium risk, STL, salary AED 6,000. Maximum? What if High risk?

Answer:

```
Medium → 10X × 6,000 = AED 60,000
```

High risk → **Expat Auto Reject**. Locals → normal policy.

Q22 CALCULATION — **Policy: Note C grid – Code 6**

Employer code **6**, **UAE National**, High risk, STL, salary AED 15,000. Maximum multiples-based amount and special requirement?

Answer:

```
Code 6 applies to Locals & Expats → High (STL) = 8X
8 × 15,000 = AED 120,000
```

HR CPV is mandatory (fraud reasons).

Q23 MULTIPLE CHOICE — Policy: Note C grid – Code 8

Employer code **8** means:

A. Suspended employer – restricted for everyone
B. Hourly-wage employer
C. Expats auto-reject only
D. HR CPV mandatory

Answer: A – suspended employers, restricted for UAE Nationals and Expats, all risk profiles.

Q24 CASE / SHORT ANSWER — Policy: Note D-I

Which of these is an AECB auto-reject? (a) Local, STL, score 300 (b) Expat, STL, score 610, overdue AED 11,000 (c) Expat, PDC, score 535 (d) Local, STL, score 600, overdue AED 9,000

Answer: (a), (b) and (c). (a) score 300 – all segments; (b) Expat overdue > AED 10,000; (c) PDC with score < 541. (d) is not an auto-reject (the >10K overdue rule is for Expats).

Q25 CASE / SHORT ANSWER — Policy: Note D-II

Current-overdue check (cards > AED 1,000 / instalments > AED 2,000), non-LS scheme. Is the check applied? (a) Expat, score 580, Medium risk (b) Local, score 580, Medium risk (c) Local, score 520, Low risk

Answer: (a) **Yes** – Expat with score ≥ 541 and Medium/High risk.
(b) **No** – for Locals with score ≥ 541 only High risk is checked.
(c) **Yes** – score < 541, all internal risk ratings.

⚠ **NOT 100% SURE:** The policy says these overdues are "to be checked" but does not state the outcome (reject or refer). Follow system/RCD instruction.

Q26 CASE / SHORT ANSWER — Policy: Note D-II

Liability Settlement case: the facility being settled at Bank X is **35 DPD**; a Bank Y card that is NOT being settled has an overdue. What applies?

Answer: Bank X: overdue up to **29 DPD** is allowed on facilities being settled → 35 DPD is **not acceptable**.
Bank Y: overdue must be **settled by the customer** and reflect as paid in AECB; AECB proof of clearance is mandatory.

Q27 CASE / SHORT ANSWER — Policy: Note D-V

UAE National, salary transfer segment, Government Housing Program loan overdue at **75 DPD** (Bucket 3). Decision on that overdue?

Answer: Can be disregarded – up to Bucket 3 (< 90 DPD). Bucket 4+ must be settled and updated in AECB before approval. Applies only to Liability segment and salary transfer segment.

Q28 CASE / SHORT ANSWER

Policy: Note D-I / D-IV

UAE National in PDC segment with AECB score 530. Auto-reject or referral?

Answer: Rule I says Expats and UAE Nationals with score < 541 in PDC → **Auto Reject**; Rule IV says Local under PDC with score < 541 → **Referred**.

⚠ **NOT 100% SURE:** The two rules conflict for UAE Nationals. Confirm the system behaviour with RCPPM.

Part E

Minimum Financing Standards (Section 6)

Q29 CALCULATION — **Policy: 6.1**

UAE National, age **19**, DIB salary transfer, salary AED 22,000. Maximum finance?

Answer:

```
10 × 22,000 = 220,000   vs   250,000
Lower = AED 220,000
```

AED 220,000 (STL relationship only – PDC not allowed; no court consent needed).

Q30 CALCULATION — **Policy: 6.1**

Same rule: UAE National aged 20, DIB salary AED 28,000. Maximum finance?

Answer:

```
10 × 28,000 = 280,000   vs   250,000
Lower = AED 250,000
```

AED 250,000

Q31 CALCULATION — **Policy: 6.2 / 6.5**

Expat, age **58**, salary AED 20,000 (non-MOD). Maximum tenure?

Answer:

```
Max age at maturity (income < 30K) = 60
60 − 58 = 2 years = 24 months
```

24 months

Q32 CALCULATION — **Policy: 6.2**

Expat, age 59, salary AED 32,000, requests 48 months. Within policy? Any special handling?

Answer:

```
Income ≥ 30K → max age 65
59 + 4 years = 63 ≤ 65 ✔
```

Within policy – but age > 60, so it is **referred at DDE** and STP at DDEQC.

Q33 CALCULATION — Policy: 6.2 / 6.5

UAE National, **pension only**, age 70. Maximum tenure? Can a second salary be added to income?

Answer:

```
Max age (pension only) = 75 → 75 − 70 = 5 years = 60 months
CBUAE max tenure (non-MOD) = 48 months
Tenure = lower = 48 months
```

48 months. Age > 65 → no add-back of additional/second salary (a second pension can be added); referred at DDE.

Q34 CASE / SHORT ANSWER — Policy: 6.2

UAE National, age 80, PF against his own TD. Maximum tenure?

Answer: 12 months – Against TD, UAE National age > 75 and < 85 → 12 months (age < 75 → 48 months).

Q35 MULTIPLE CHOICE — Policy: 6.3

Which request is below the minimum finance amount?

A. Fresh AED 10,000
B. Fresh AED 9,000
C. Top-up AED 6,000
D. Top-up AED 5,000

Answer: B – minimum is AED 10K for Fresh and AED 5K for Liability Consolidation (top-up).

⚠ **NOT 100% SURE:** The policy does not say whether the 5K top-up minimum refers to the incremental amount or the new total; options C/D assume incremental.

Q36 CALCULATION — Policy: 6.4

Salary AED 24,000; existing monthly obligations (AECB) AED 5,500. Maximum new PF instalment?

Answer:

```
50% × 24,000 = 12,000
12,000 − 5,500 = AED 6,500
```

AED 6,500 per month

Q37 CALCULATION — Policy: 6.4

Pensioner, pension AED 15,000; existing obligations AED 1,000. Maximum new instalment?

Answer:

```
30% × 15,000 = 4,500
4,500 − 1,000 = AED 3,500
```

AED 3,500 per month

Q38 CALCULATION — Policy: 6.4

Dual income: pension AED 12,000 + salary AED 18,000. Calculate the maximum total obligations using (a) the 30%/50% method and (b) the Finnone 60%/100% method.

Answer:

```
(a) 30% × 12,000 + 50% × 18,000 = 3,600 + 9,000 = 12,600
(b) Income = 60% × 12,000 + 100% × 18,000 = 7,200 + 18,000 = 25,200
    50% × 25,200 = 12,600
```

Both = AED 12,600 – that is why the Finnone method never breaches DBR.

Q39 CALCULATION — Policy: 6.5 / 6.6

MOD employee, salary AED 18,000. Maximum multiples-based amount and maximum tenure?

Answer:

```
15 × 18,000 = AED 270,000      Tenure up to 60 months
```

AED 270,000 / 60 months

Q40 CALCULATION — Policy: 6.4 / 6.6 / 7.1

UAE National, non-MOD, TML Cat C, STL, salary AED 15,000, no other debts, scorecard 20x. The system EMI for AED 300,000 over 48 months is AED 7,100. Final eligible amount?

Answer:

```
Multiples cap : 20 × 15,000 = 300,000
DBR cap       : 50% × 15,000 = 7,500 ≥ 7,100 ✔
Segment cap   : Local STL Cat C = 5,000,000 (not binding)
Lowest        = AED 300,000
```

AED 300,000 over 48 months.

Q41 CALCULATION — Policy: 6.7

Finance amount AED 250,000. Maximum value of the security cheque?

Answer:

```
120% × 250,000 = AED 300,000
```

AED 300,000 (Section 7.1: 120% of Net Finance Value; not required for cash-secured finance).

Q42 CALCULATION — Policy: 6.10

Customer applied for Home Finance on **10 January**. On **20 February** the customer applies for PF. Allowed? Earliest date?

Answer: Not allowed – home finance applicants cannot get PF for 2 months (CBUAE Reg. 31/2013). Earliest = **10 March**.

Q43 CASE / SHORT ANSWER **Policy: 6.8**

Which of these customers can get further financing? (a) AECB shows NDDS (b) NLS facility that will be closed by the new PF within CB tenure/multiple/DSR (c) Sheikh Zayed Housing facility of 360 months, never on NDDSF list (d) Bank's external auditor

Answer: (b) and (c). (a) NDDS → not allowed. (d) External auditors and their employees are restricted for retail products.

Part F

Salaried Target Market (7.1)

Q44 CASE / SHORT ANSWER — **Policy: 7.1 – Min income**

Check minimum income: (a) Local, DIB, TML Cat B, AED 3,200 (b) Local, DIB, TML Cat D, AED 4,800 (c) Expat, PDC, Non-TML, AED 5,000

Answer: (a) **Pass** (≥ 3,000)
(b) **Fail** (Cat D needs 5,000)
(c) **Pass** (PDC 5,000 for TML and Non-TML)

Q45 CALCULATION — **Policy: 7.1 – Max finance**

Expat, salary with another bank, TML Cat A, salary AED 40,000, Low risk. Maximum eligible amount (before DBR)?

Answer:

```
Multiples: 20 × 40,000 = 800,000
Segment cap Expat PDC (A–D) = AED 300,000
Lower = AED 300,000
```

AED 300,000

Q46 CASE / SHORT ANSWER — **Policy: 7.1 – Max finance**

State the maximum finance for: (a) Expat, DIB salaried, TML Cat D (b) Expat, DIB salaried, Non-TML, Medium risk (c) Local, PDC, Non-TML (d) Local, DIB salaried, Non-TML

Answer: (a) **AED 1,000,000** (b) **AED 200,000** (c) **AED 200,000** (d) **AED 800,000**

Q47 CALCULATION — **Policy: 7.1 – Reject multiples**

Expat, **Medium** risk, salary AED 4,500 (DIB, TML Cat A). Customer requests AED 60,000. Decision?

Answer:

```
Income < 5K → max 12x → 12 × 4,500 = 54,000
Requested 60,000 ÷ 4,500 = 13.3x > 12x
```

Auto-reject (Note 2 – requested multiples more than specified).

Q48 CALCULATION — **Policy: 7.1 – Reject multiples**

Expat, Medium risk, salary AED 9,000. Maximum multiples-based amount if (a) DIB Salaried (b) PDC?

Answer:

```
Band ≥8K – <15K
(a) DIB Salaried/LS 20x → 180,000
(b) Others 15x       → 135,000
```

(a) AED 180,000 (b) AED 135,000

Q49 CASE / SHORT ANSWER — Policy: 7.1 – Reject multiples

(a) Expat, High risk, salary AED 20,000, valid AECB report received. (b) UAE National, High risk, STL. (c) UAE National, High risk, PDC. Scorecard decisions?

Answer: (a) **0x – Hard Reject** (Note 1/5).
(b) **20x – Referral** (Note 3).
(c) **0x – Hard Reject**.

Q50 MULTIPLE CHOICE — Policy: 7.1 – Note 6

Which Auto-pass case meeting all general-policy conditions and CPV waiver is NOT treated as STP?

A. Expat, Low risk, TML A
B. Expat, Medium risk, income AED 10,000, Non-TML
C. UAE National, Medium risk
D. Expat, Medium risk, income AED 7,000, TML B

Answer: B – exceptions: 6.1 Expat, Medium, Income ≥ 8K and Non-TML; 6.2 UAE National High Risk.

Q51 CALCULATION — Policy: 7.1 – Contactless + Circular 15-Feb-2026

Contactless journey per-customer cap. Which requests can stay on the contactless journey? (a) Expat AED 300,000 (b) Expat AED 420,000 (c) UAE National AED 700,000 (d) UAE National AED 900,000

Answer:

```
Caps (circular effective 15 Feb 2026): Expat 350K · UAE National 750K
(a) 300,000 ≤ 350,000 ✔  (b) 420,000 > 350,000 ✘
(c) 700,000 ≤ 750,000 ✔  (d) 900,000 > 750,000 ✘
```

(a) and (c). (b) and (d) must be booked under conventional contract types. Since the circular, LS can also use the contactless journey (no signatures on any page) and TML Cat D is enabled in LS STL. Old caps were Local 500K / Expat 250K.

Q52 CASE / SHORT ANSWER — Policy: 7.1 – Payment history

Non-scored segment (not against TD). Last 12 months buckets: 0 0 2 2 0 0 0 0 0 0 0 0. Acceptable?

Answer: Yes – same bucket repeated in 2 consecutive months is counted as 1; Bucket 2 allowed 1 time for other segments. Current bucket is 0.

Q53 CASE / SHORT ANSWER — Policy: 7.1 – Rescheduled

Rescheduled accounts: (a) Expat rescheduled 4 months ago (b) Local rescheduled 4 months ago (c) Expat rescheduled 14 months ago. Decisions?

Answer: (a) **Auto Reject** (0–6 months, Expat) (b) **Referred** (c) **Auto pass** (> 12 months).

Q54 CASE / SHORT ANSWER — **Policy: 7.1 – Payment holiday**

Maximum days to first EMI: (a) UAE National, DIB salary AED 30,000 (b) Expat, PDC salary AED 8,000 (c) Expat, DIB salary AED 20,000 (d) DIB Staff

Answer: (a) **240** (b) **90** (c) **150** (d) **120** days

Q55 CALCULATION — **Policy: 7.1 – Payment holiday**

Expat, PDC, salary AED 12,000. PF approved on **1 June**. Latest permitted first-EMI date?

Answer:

```
PDC ≥10K & <35K → up to 120 days
June 1→30 = 29 days, July 31 → 60, August 31 → 91, September 29 → 120
```

29 September

Q56 CASE / SHORT ANSWER — **Policy: 7.1 – Returned cheques**

Non-scored segment, last 3 months: (a) STL TML Cat B customer – 2 returned DDAs (insufficient funds) (b) PDC customer – 2 returned DDAs (different instruments). Within policy?

Answer: (a) **Yes** – max 2 for TML A/B/C under STL (incl. LS) & Against TD.
(b) **No** – max 1 for all others.

Part G

Against TD, Sukuk Packs, Cross Sell, Private Banking (7.2–7.6)

Q57 CALCULATION — **Policy: 7.2**

Salaried customer, annual income AED 55,000, blocks TD AED 300,000. Profit over the tenure = AED 9,000. Maximum principal?

Answer:

```
Annual income ≤ 60K → 50%
Max PF (principal + profit) = 50% × 300,000 = 150,000
Max principal = 150,000 − 9,000 = AED 141,000
```

AED 141,000

Q58 CALCULATION — **Policy: 7.2**

Maximum PF (principal + profit): (a) Non-resident (tagged in core) blocking AED 500,000 (b) SIP-3D Maximizer AED 400,000 (c) Salaried, annual income AED 96,000, blocking AED 200,000

Answer:

```
(a) 95% × 500,000 = 475,000
(b) 90% × 400,000 = 360,000
(c) > 60K → 100% × 200,000 = 200,000
```

(a) 475,000 (b) 360,000 (c) 200,000

Q59 CASE / SHORT ANSWER — **Policy: 7.2**

Non-Wajaha/Ayaan customer, PF against TD: (a) maximum finance (b) maximum tenure with bullet payment (c) with monthly payment?

Answer: (a) **AED 10 million** (Wajaha/Ayaan: 100 million) (b) **24 months** or up to SIP-3D settlement date (c) **48 months**

Q60 CALCULATION — **Policy: 7.3**

Auto Sukuk Pack, STL TML customer, salary AED 8,000, non-MOD, car price AED 180,000. Maximum Sukuk Pack (before DBR)?

Answer:

```
30% × 180,000 = 54,000
Multiples 20 × 8,000 = 160,000
Exposure cap 200,000
Lowest = AED 54,000
```

AED 54,000

Q61 CALCULATION — Policy: 7.3

PDC Non-TML customer, salary AED 12,000, buys a car of AED 260,000 from Gargash Motors. Maximum Sukuk Pack (before DBR)?

Answer:

```
Dealer on approved list ✔   Min salary PDC Non-TML 10K ✔
20% × 260,000 = 52,000
Non-TML exposure cap = 50,000
Lower = AED 50,000
```

AED 50,000

Q62 CASE / SHORT ANSWER — Policy: 7.4

HF Sukuk Pack: (a) Can a co-applicant get ancillary-cost finance? (b) Should PF Sales pull a new AECB? (c) Latest first EMI? (d) Do TML restrictions and CPV apply?

Answer: (a) **No** – primary customers only (b) **No** – already pulled by HF team (c) **within 90 days**, matching salary date (d) **No** – HF eligibility parameters supersede.

Q63 CASE / SHORT ANSWER — Policy: 7.5

Cross-sell PF: which customers are excluded? (a) Pensioner (b) Joint account holder (c) Clearance letter issued 100 days ago (d) TML Cat A, DIB salary, age 30

Answer: **(a), (b) and (c)** are excluded (pensioner; joint account holder; liability/clearance letter in last 120 days). (d) is acceptable.

Q64 CALCULATION — Policy: 7.5

Cross sell, UAE National, income AED 30,000. Total outstanding with DIB AED 100,000; primary AF AED 250,000 (car value AED 300,000); existing covered card limit AED 30,000; no secondary card. Requested PF AED 280,000. Check aggregate exposure and asset value.

Answer:

```
Aggregate = 100,000 + 250,000 + 30,000 + 280,000 + 0 = 660,000 ≤ 1,000,000 ✔
PF 280,000 < asset value 300,000 ✔ ; ≤ 1,000,000 national cap ✔
Multiples 280,000 ÷ 30,000 = 9.3x ≤ 20x ✔
```

Passes these checks (DBR still to be checked).

Q65 CALCULATION — Policy: 7.5

Same customer requests PF AED 320,000. Allowed?

Answer: **No** – PF exposure must be less than the primary product's asset value (AED 300,000).

Q66 CALCULATION — Policy: 7.5

Cross sell: Expat, income AED 12,000, non-MOD, already has a PF of AED 150,000 (original amount). Maximum new cross-sell PF under the multiples rule?

Answer:

```
Aggregate multiples (existing + new) ≤ 20x
20 × 12,000 = 240,000 − 150,000 = AED 90,000
```

AED 90,000 (subject to min AED 10,000, DBR, exposure caps).

⚠ **NOT 100% SURE:** The policy does not state whether the existing PF is counted at its original amount or its current outstanding when computing aggregate multiples. This answer uses the amount given.

Q67 CASE / SHORT ANSWER — Policy: 7.5

Cross sell: (a) minimum assessed income (b) approval validity (c) aggregate exposure limit for Expats (d) what happens to the RCD and CPV stages?

Answer: (a) **AED 8,000** (b) **up to 30 days** from primary product last credit approval (c) **AED 500,000** (d) **bypassed** – goes directly to PDOC for affordability.

Q68 CALCULATION — Policy: 7.6.1

Wajaha client: dividends (latest year credit) AED 240,000; rental income (EJARI) AED 180,000 per year. Monthly assessed income and finance eligibility?

Answer:

```
Dividends 100% → 240,000 ÷ 12 = 20,000
Rent 83% → 180,000 × 83% = 149,400 ÷ 12 = 12,450
Total = 32,450 per month
20x = AED 649,000   (Wajaha max 1,000,000)
```

AED 649,000 (subject to DBR).

Q69 CALCULATION — Policy: 7.6.1

Bonus received in the last 3 years: AED 90,000, 70,000, 100,000. Monthly income from bonus?

Answer:

```
Minimum of 3 years = 70,000 × 50% = 35,000 ÷ 12 = AED 2,916.67
```

≈ AED 2,917 per month

Q70 CASE / SHORT ANSWER — Policy: 7.6

(a) Max finance for Ayaan (b) minimum Ayaan relationship (c) is a lien on deposit mandatory (d) can an Ayaan customer categorised on salary use the 7.6.1 add-backs?

Answer: (a) **AED 500K** (Wajaha AED 1M) (b) **12 months** (Wajaha nil) (c) **No** – non-mandatory (d) **No** – only Ayaan categorised on wealth with DIB.

Part H

Finance Payment Relief (7.7 & 8.4)

Q71 CASE / SHORT ANSWER — **Policy: 7.7.1 / 7.7.7**

Relief eligibility: (a) customer at 92 DPD (b) last salary credited 45 days ago (c) total DIB liability AED 9,000 (d) income unchanged, DBR 55% due to new outside loans

Answer: (a) **Refer to SAM** (Bucket 4+) (b) **Not yet** – one salary must be credited within the last 40 days (c) **Not eligible** – minimum liability AED 10,000 (d) **Not eligible** – stressed with same income level.

Q72 CALCULATION — **Policy: 7.7.10**

Relief: salary cut to AED 12,000; outside debt EMI AED 800. Maximum new Relief EMI?

Answer:

```
50% × 12,000 = 6,000
6,000 − 800 = AED 5,200
```

AED 5,200 (tenure extended – no cap – until EMI fits).

Q73 CALCULATION — **Policy: 7.7.10**

Relief: customer changed status to pensioner, pension AED 10,000, outside EMI AED 500. Maximum Relief EMI?

Answer:

```
30% × 10,000 = 3,000
3,000 − 500 = AED 2,500
```

AED 2,500

Q74 CALCULATION — **Policy: 7.7.7.6 / 7.7.7.9**

Relief: Expat aged 50. Maximum tenure possible? UAE National aged 50?

Answer:

```
Expat: max age at maturity 65 → 65 − 50 = 15 years = 180 months
```

Expat **180 months**. UAE National: **no age cap** and tenure has no cap – aligned to bring DBR within CBUAE limits.

Q75 CALCULATION — **Policy: 7.7.5.1**

Before relief: salary dropped from AED 20,000 to AED 14,000. DIB EMIs AED 9,000 + outside EMI AED 1,000. Current DBR? Does the customer qualify on DBR?

Answer:

```
(9,000 + 1,000) ÷ 14,000 = 71.4%  > 50%
```

Yes – DBR above CBUAE limit for a non-pensioner.

Q76 CASE / SHORT ANSWER — Policy: 7.7.7.11 / 7.7.7.12 / 7.7.7.5

(a) When is the first Relief instalment collected? (b) After how many regular EMIs can a postponement be allowed? (c) MOB setting?

Answer: (a) **Next salary date (within 30 days)**; up to 90 days with HORC approval (b) **6 regular EMIs** (c) **3 months** regardless of paid instalments; 1 month with HORC approval.

Q77 CASE / SHORT ANSWER — Policy: 7.7.11

After Relief: (a) 7 regular payments, income unchanged, wants new PF (b) 4 regular payments, moved to a better-paid employer

Answer: (a) **No** – needs 12 regular payments (b) **Can be considered** after 3 instalments, but the Relief contract must be settled by the customer and the new finance must follow normal policy and CBUAE norms.

Q78 CALCULATION — Policy: 7.7.15.7

Relief security cheque: (a) Ijara finance amount AED 180,000 (b) Murabaha principal AED 200,000 + profit AED 30,000

Answer:

```
(a) 100% × 180,000 = AED 180,000
(b) Debit balance = 200,000 + 30,000 = AED 230,000
```

(a) AED 180,000 (b) AED 230,000

Q79 CASE / SHORT ANSWER — Policy: 7.7.8.2

Customer seeking Relief has a TD-secured PF and an unsecured PF. What must happen first?

Answer: The cash-secured facility must be **closed** and residual collateral used to pay the other facility. If DBR is still above the CBUAE threshold, Relief can be accepted. Relief without liquidating the collateral needs **HORC** approval.

Q80 CASE / SHORT ANSWER — Policy: 7.7.14 / 7.7.7.23 / 7.7.13

After Relief approval: how is the account reported in AECB, which ECL stage, what happens in core banking, and what fees apply?

Answer: **"Arrangement"** in AECB; **Stage 2** for ECL; customer **blacklisted at CIF level** in core banking; **no fees or charges** for due diligence and documentation.

Q81 CALCULATION

Policy: 8.4

Relief settlement: PF outstanding AED 150,000 (incl. unrealised profit 12,000), AF AED 70,000 (incl. unrealised profit 4,000), covered card AED 18,000. Amount of the Relief facility needed? Is it less than combined outstanding?

Answer:

```
PF  150,000 − 12,000 = 138,000  (rebate)
AF   70,000 −  4,000 =  66,000  (rebate)
Card 18,000 (no rebate on cards)
Relief facility = 138,000 + 66,000 + 18,000 = AED 222,000
Combined outstanding = 238,000 → 222,000 < 238,000 ✔
```

AED 222,000 – no additional liquidity (AAOIFI SS 59, cl. 4.1.3.3). A DIB Home Finance would **not** be settled from these proceeds (profit rate may be reduced or asset sold at a discount).

⚠ **NOT 100% SURE:** Rebate figures are given in the question; in practice actual rebates are calculated by the system/Operations per contract.

Part I

Documentation & General Guidelines (8.1)

Q82 CASE / SHORT ANSWER — **Policy: 8.1 – Passport**

Is the visa page required? (a) Expat, latest EID issued 15 May 2022 with employer name (b) Expat, EID issued January 2022 (c) Saudi national

Answer: (a) **No** – EID issued after 10 April 2022 with employer name (b) **Yes** (c) **No** – GCC nationals exempt.

Q83 CASE / SHORT ANSWER — **Policy: 8.1 – UAE ID**

Customer's Emirates ID is under renewal. The EID application form is 23 days old. Acceptable with the passport (original seen)?

Answer: No – the application should not be more than 21 days old.

Q84 CASE / SHORT ANSWER — **Policy: 8.1 – Govt income docs**

Fresh case, Government employee. Required income document if: (a) no salary in DIB (b) 2 salaries in DIB (c) 3 regular salaries in DIB

Answer: (a) **SC addressed to DIB with IBAN/full A/C** (salary count = 1) (b) **SC to "To Whom It May Concern" or DIB** (c) **Employee ID only** (SC if salary irregular).

Q85 CALCULATION — **Policy: 8.1 – Validity**

Private TML employer STL dated **3 April**, submitted on **5 May**. Valid?

Answer:

```
3 Apr → 30 Apr = 27 days + 5 May = 32 days > 30 days
```

Expired – income documents from TML private employers are valid 30 days at submission.

Q86 CASE / SHORT ANSWER — **Policy: 8.1 – SC**

SC from a Non-TML company signed by the owner, who is the customer's brother. Acceptable?

Answer: No – SC signed by the owner of a Non-TML employer is not acceptable if he/she is the spouse/sibling/parent/child of the customer.

Q87 CALCULATION — **Policy: 8.1 – Salary variance**

Last 3 salaries: AED 12,000 / 15,000 / 12,000. (a) Is variance within policy? (b) For a DDEQC-skip deal, which salary is used?

Answer:

```
(15,000 − 12,000) ÷ 12,000 = 25%  > 20%
```

(a) **No** – documentary proof (pay slip, company letter) may be required; CPV confirmation acceptable if due to performance/regular bonus. (b) **Lowest of last 3 = AED 12,000**.

Q88 CASE / SHORT ANSWER — Policy: 8.1 – Irregular salary

Salary dates, 'Others' segment (not STL/LS): 3rd, 5th, 13th. Regular?

Answer:

`3rd & 5th within ±3 days ✔ ; 13th is 8 days from the 5th > ±7 days ✘`

Irregular. (For STL/LS the rule is ±5 days for two salaries and the third is not checked.)

Q89 CASE / SHORT ANSWER — Policy: 8.1 – EMI date

(a) DIB salaried, salary credited on the 20th – latest EMI date? (b) PDC, salary on the 15th – EMI date?

Answer: (a) **Up to the 25th** (up to 5 days) (b) **16th** (+1 day). EMI never on the 1st or 2nd.

Q90 CASE / SHORT ANSWER — Policy: 8.1 – Liability letter

(a) Liability letter addressed to DIWAN (b) LL from retiring bank's Collections unit; customer paid regularly for the last 4 months. Acceptable?

Answer: (a) **Not acceptable** (may only be approved as a deviation by HOI and above – Annex 8.2) (b) **Not acceptable** – needs regular payments for the past 6 months.

Q91 CASE / SHORT ANSWER — Policy: 8.1 – CC settlement

Card-only external liability: limit AED 50,000, statement outstanding AED 32,000. Which figure is used for DSR and which for settlement?

Answer: DSR on the card limit (AED 50,000); settlement on the outstanding (AED 32,000). Clearance/NOC letter required; no mandatory check on card utilisation.

Q92 CASE / SHORT ANSWER — Policy: 8.1 – Joint / Long tenure

(a) Joint PF with a cousin, STL TML (b) Expat earning AED 9,500 with an existing facility of remaining tenure 56 months wants new PF to settle it (c) a driver on an individual (domestic worker) visa (d) outsourced staff working at a bank

Answer: (a) **No** – only husband/wife, parents, brothers/sisters, son/daughter (b) **No** – Expats need income ≥ AED 10,000 and no deviation is allowed on these parameters. (c) **Restricted** – domestic workers under individual visa (d) **Restricted** – financial-institution outsource staff are restricted in all segments.

Part J

Credit Delegations (8.2) & Self-Employed Grid (8.3)

Q93 CALCULATION — **Policy: 8.2 – Age**

Expat, salary < 30K (policy max age 60). Age at maturity: (a) 62 (b) 64 (c) 66. Deviation level?

Answer:

```
(a) 2 yrs over  → Level 2
(b) 4 yrs over  → Level 3 (>2, ≤5)
(c) 6 yrs over  → beyond Level 3
```

(a) Level 2 (b) Level 3 (c) Cannot be approved

Q94 CALCULATION — **Policy: 8.2 – Income**

TML Cat A (policy minimum AED 3,000). Salary: (a) AED 2,880 (b) AED 2,800 (c) AED 2,650. Level?

Answer:

```
(a) 120 ÷ 3,000 = 4%     → Level 2 (≤5%)
(b) 200 ÷ 3,000 = 6.67%  → Level 3 (≤10%)
(c) 350 ÷ 3,000 = 11.67% → beyond Level 3
```

(a) Level 2 (b) Level 3 (c) Not approvable

Q95 CALCULATION — **Policy: 8.2 – Multiples**

Expat Medium risk, salary AED 7,000 (policy 14x). Customer needs (a) 16x (b) 17x. Level?

Answer:

```
(a) +2 → Level 2   (b) +3 → Level 3 (≤ +4)   both ≤ 20x CB limit
```

(a) Level 2 (b) Level 3

Q96 CASE / SHORT ANSWER — **Policy: 8.2 – Misc**

Level required: (a) only 2 salary credits (policy 3) (b) only 1 salary credit (c) current overdue AED 650 at application (d) residence visa expired 10 days ago (renewal under process) (e) discount of 30% on profit for cash-secured finance

Answer: (a) **Level 2** (1 salary short) (b) **Level 3** (2 short) (c) **Not approvable** (Level 3 max AED 500) (d) **Level 3** (>3 days, ≤15) (e) **Level 3** (>25%, ≤50%)

Q97 CASE / SHORT ANSWER — **Policy: 8.2 – Generic**

(a) Up to what amount can the CCO approve credit/documentation deviations for PF? (b) Who can waive an internal negative check on an overall basis due to system failure?

Answer: (a) **AED 4 million** (with justification and business-head recommendation) (b) **Head of Retail Credit only** (deputies only if HORC is on leave).

Q98 CALCULATION — Policy: 8.3

Self-employed (under deviation), UAE National, Dubai mainland, established income AED 50,000 per month. Maximum finance?

Answer:

```
Local 4.5x × 50,000 = 225,000
Cap UAE National (excl. Non-Dubai FZ) = 350,000
Lower = AED 225,000
```

AED 225,000 (field visit mandatory).

Q99 CALCULATION — Policy: 8.3

Self-employed (under deviation): company average monthly credit turnover AED 200,000; applicant's share in trade licence 40%. Turnover attributable to the applicant? Is the minimum number of employees waived?

Answer:

```
200,000 × 40% = AED 80,000
```

AED 80,000. Minimum employees **waived** because average monthly credit turnover > 50K.

Q100 CALCULATION — Policy: 8.3

Mumayyaz self-employed customer: deposit relationship per PFS report AED 2,000,000. Maximum finance?

Answer:

```
15% × 2,000,000 = 300,000   vs   350,000 → lower = AED 300,000
```

AED 300,000
