

2A

How do you find your way around a zoo?

ENGLISH

- Look at the picture at the bottom of the page. What is the animal? Where does it live?
- Can you find this animal in the UAE?

VOCABULARY

1 With a partner, name animals that you **can** put in a zoo and animals you **can't**. Why **can't** these animals live in a zoo?

lion • shark • whale • elephant • camel
fly • bear • panda • pigeon • snake

Animals that can live in a zoo	Animals that can't live in a zoo

LISTENING

2 Look at the map of the Arada Zoo on page 30. What animals live in the zoo? Which animal would you like to see? Why?

3 6 Omar is visiting the Arada Zoo. The zoo guide is telling him how to get to the penguin enclosure from the front gate. Listen to his directions. Draw the path on your zoo map on the next page.

Listening Tip

go straight	turn left	turn right	go past

People tell you where to go by giving directions. Listen for a verb that goes with a direction.
Verb: go, turn
Directions: straight, past, left, right

Copyright © Ministry of Education – United Arab Emirates

WRITING

4 You designed a zoo in your workbook. You are inviting your friends to visit your zoo. What animals will your friend visit first? What animal after? Write a schedule for your friend.

Zoo Schedule for .....

09:30	Arrive at the front gate.
10:00	.....
10:30	.....
11:00	.....
11:30	.....
12:00	.....
12:30	Go eat lunch.

SPEAKING

5 Work with a partner. Give them directions around your zoo, following the schedule in Activity 4. Then change roles and listen to your partner give directions around their zoo. Draw the path through your partner's zoo as you listen.

Speaking Tip

Notice that you say words that start with "b" and "p" in the same way with your mouth. Words that start with "b" are said louder. Put a finger to your throat and say words that start with "p" and "b". Can you tell the difference?

Copyright © Ministry of Education – United Arab Emirates

2A

How do you find your way around a zoo?

ENGLISH

1 Circle the animal facts that are true.

1	Giraffes have short necks.	True / False
2	Elephants are very big.	True / False
3	Pandas are cute.	True / False
4	Ostriches are the largest birds in the world.	True / False
5	Penguins need to live in a hot place.	True / False

2 Look at the sentences above. Write the opposite sentence using the adjectives in the word cloud.

1	Giraffes have long necks.	True / False
2	.....	True / False
3	.....	True / False
4	.....	True / False
5	.....	True / False

smallest
cold small
long ugly

3 Look at the arrows. Write the instructions using the right verb and direction word.

1 .....

2 .....

3 .....

4 .....

Language Tip

Imperatives

When you tell someone to do something, you are using the imperative. Imperatives don't have subjects. The verb is first in the sentence, followed by the object.

Regular Sentence				Imperative
You should turn left	→	~~You should~~ turn left	→	Turn left.
You could go straight	→	~~You could~~ go straight	→	Go straight.

Copyright © Ministry of Education – United Arab Emirates

4 21 **Design a zoo. Put at least five animal enclosures and two buildings on your map. Draw and label the front gate. Work with a partner and take turns. Look at page 30 in your course book. Give simple directions so your partner can see all the animals on the schedule. Your partner listens and draws the path on the map.**

Enclosures		Buildings
tigers	wolves	restaurant
rhinoceroses	turtles	gift shop
deer	bears	arcade
gorillas	pandas	photo booth
leopards

2B
What do zoo animals need?

- Do you like zoos?
- What do zoo animals eat?

READING

1 Read the texts. Find the words **habitat**, **diet**, and **behavior**. What do these words mean?

2 Read the texts again. Fill in the missing information about their **habitat**, **diet**, and **behavior**.

Habitat

Forests and mountains

Diet

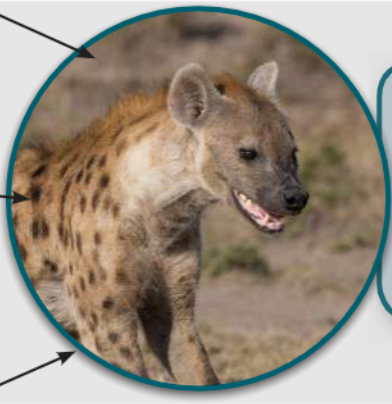

Behavior

Brown bears are big animals that live in America, Europe, and Asia. They live in a v of habitats, especially forests. Brown bears eat a mixed diet, including fruit, plants, leaves, and small animals. Babies stay close to their mothers. Other bears spend most of their time alone.

Habitat

Diet

Behavior

Spotted hyenas are the largest of all hyenas. They look like large dogs. However, they are more similar to cats. They live in different habitats around Africa in large groups of up to 80 members. Hyenas are meat-eating animals, but will eat almost anything. They are sometimes called "laughing hyenas" because of the sounds they make.

Habitat

Diet

Behavior

Giraffes are over five meters tall. This makes them the tallest animals in the world! They live in grassland habitats in Africa in groups of around six. They are plant-eating animals and eat a diet of leaves that they get from the tops of trees.

Copyright © Ministry of Education – United Arab Emirates

SPEAKING

3 7 Say the questions out loud. Underline the words that are stressed. Then, listen and check.

1 Which habitat do sharks live in?
2 Where do hyenas live?
3 What do giraffes eat?
4 How do horses behave?

4 Choose one of the animals from Activities 1 and 2. Ask and answer these questions:

Which habitat does your animal live in?

It lives in forests and mountains.

What is its diet?

What is its behavior?

Speaking Tip

When you ask ***Wh* - questions**, remember to stress the important words and use a falling intonation.

- Which habitat do brown bears live in?
- What is their diet?
- What is their behavior?

2B What do zoo animals need?

ENGLISH

1 Look at the fact file. Write the names of the animals in the correct column.

chimpanzees • sharks • tigers • rabbits

	1 horses	2	3	4	5 .....
habitat	almost anywhere	oceans, seas, rivers	forests, grasslands, etc.	tropical rainforests	tropical forests, grasslands
diet	grass, hay	fish, seals, sea lions	grass, hay, carrots	fruit, milk, honey, meat, eggs, insects	deer, cows horse, buffalo, goats
behavior	live in groups	usually alone	live in groups	live in large groups	nocturnal

2 Match the animals to their diets.

1	horses	a	fish, seals, sea lions
2	sharks	b	grass, hay
3	rabbits	c	grass, hay, carrots, apples
4	chimpanzees	d	deer, cows, horses, buffalo, goats
5	tigers	e	fruit, milk, honey, meat, eggs, insects

3 Put the words in the correct order to form questions.

1 habitat live Which in horses do ?
Which habitat do horses live in?

2 eat What sharks do ?
.....

3 Which live do habitat in chimpanzees ?
.....

4 tigers do How behave ?
.....

5 do eat What rabbits ?
.....

6 do behave chimpanzees How ?
.....

7 in do Which sharks habitat live ?
.....

8 What do eat tigers ?
.....

2C

What does a beekeeper do?

- Do you like honey?
- What do you know about bees?

VOCABULARY

1 Look at the pictures and label them with the words below.

honeycomb • hive • flower
nectar • wax • beekeeper

READING

2 How do bees make honey? Read the sentences and guess the correct order.

..... The beekeeper collects some of the honey.
.....1..... Bees make honeycombs in their hives.
..... Bees go back to the hive and put nectar in a honeycomb.
..... Bees collect nectar from flowers.
..... Bees cover the honey with wax.

3 Read the information pamphlet from a honey company and check your answers. .Then, fill in the blanks with words from Activity 1.

Honey

A. How do bees make honey?

Honeybees live in hives or nests. They make ..... in their ..... . Then they find pollen and nectar in ..... and plants. They drink the ..... and mix it in their bodies. Then they put the nectar in a honeycomb and cover it with ..... . This becomes honey.

B. What do beekeepers do?

..... take care of bees and collect their honey. They have to wear special clothing because bees can sting. Beekeepers must be careful when they get the honey. They don't want the bees to feel in danger. Beekeepers must not take all the honey because bees need honey, too. Honey is food for bees, but they must not eat from other hives.

Copyright © Ministry of Education – United Arab Emirates

LANGUAGE FOCUS

4 Read the information pamphlet again. Choose words and put them in the table.

wear special clothing • find nectar from plants • take all the honey • eat honey from other hives • ~~be careful~~ • help the bees

Beekeepers MUST	Beekeepers MUST NOT
be careful	
Bees MUST	**Bees MUST NOT**

WRITING

5 21st Make a poster about bees.

Choose a title:

- Helping bees
- Keeping bees

Use your workbook to write notes and make your poster.

Use of English

Must and Must Not

We use **must** to talk about rules.

You must speak English in class.

For **negatives**, we say **must not**.

You must not eat in class.

We also use must to give strong advice.

You must study hard.

You must not worry.

Form: subject + must/must not + bare infinitive verb

Speaking Tip

When we say *must* in a sentence we don't say the /t/ sound.

Try saying sentences:

We must do our homework. We must study.

Be careful! *Must not* sounds stronger than *mustn't*.

Copyright © Ministry of Education – United Arab Emirates

2C What does a beekeeper do?

ENGLISH

1 Choose the correct word and complete the sentences.

honey • nectar • beekeeper • ~~plants~~ • hives • sting

1 Bees must live in hives near .....plants..... .

2 Bees put ..... in a honeycomb.

3 Bees need nectar to make ..... .

4 ..... collect honey from bee ..... .

5 Sometimes bees ..... so be careful.

2 Write advice for the different situations below.

Where?	You must …	You must not …
Near a bee hive	wear special clothing.	touch the bees.
At the movie theater		
At school		

Language Tip

Have to has the same meaning as *must*. When speaking, people usually say *have to*.

I have to do my homework.

We use **need to** to say it is important to do something.

I need to buy honey.

Copyright © Ministry of Education – United Arab Emirates

3 Write three rules at your school

1 .....

2 .....

3 .....

4 Make a poster about bees.

1 Choose a title:
- Helping bees
- Keeping bees

2 How can we help bees? Write five sentences. Use the advice on Pages 37 to 39 to help you.

.....

.....

.....

.....

.....

3 Design your poster in the box. Draw pictures and write your sentences in the box.

ENGLISH

2D

How do you train a falcon?

- Have you seen a falconer train a falcon?
- Why do people train falcons?

READING

1 Look at the picture below. Match the words with the arrows in the picture.

1 .....

.....

2 .....

.....

3 .....

.....

4 .....

.....

5 .....

.....

- A **hood** is a piece of cloth on a falcon's head.
- A **beak** is the falcon's mouth.
- **Talons** are long nails on a falcon's feet.
- A **falconer** is a person who trains a falcon.
- A **glove** is something a person wears on their hands to protect them.

2 Read the website article. As you read, think about the meaning of the words *hunting*, *lure* and *sick*.

DOs

1. You must buy some equipment. You need leather gloves and a falcon hood. The gloves protect your hand from the falcon's sharp feet and beak. The hood helps the falcon stay calm when it is not **hunting**.

2. Start training your falcon with food. Put small pieces of meat on your glove. When the falcon comes to you, give it the meat. If you do not give food, the falcon may fly to another person.

3. To train your falcon to catch animals, you need a **lure**. Tie meat to a rope on a stick. Swing the **lure** so the falcon tries to catch it.

4. Keep the falcon's place clean all the time. Animals can get **sick** in dirty places.

DON'Ts

1. Train your falcon to wear a hood, but not all the time. Do not make the falcon wear the hood when you travel or when other falcons are near.

2. When training with the lure, do not let the falcon catch it the first time. Let the falcon practise many times.

Reading Strategy

To find specific information in texts, it is helpful to look for the key word in a question and read around the word in the text. This will give you the context you need to find the answer.

3 21 Match the underlined words in the text to their definitions.

1	sick	a	to chase animals for meat
2	lure	b	to not feel well
3	hunt	c	a piece of meat on a string that falcons use for practice

4 Complete the table with things a falconer *must* and *must not* do when training a falcon.

Dos	Don'ts
1 You must buy gloves and a hood.	1 Your falcon must not wear its hood all the time.
2	2 .....
3	

WRITING

5 Write answers to the questions below after you read the short text about training falcons.

www.

Falconry is a very old sport. It means hunting with falcons. Falcons are large birds that can fly very fast. People train falcons to catch small birds.

Training a falcon takes a lot of time and care. First, the falcon learns to listen to its trainer. The trainer teaches the falcon when to fly and when to come back. This helps build trust between the person and the bird.

During training, the falcon learns to fly high and watch carefully. It learns how to see prey and move quickly. This makes the falcon strong, fast, and alert.

Falconry is important in many cultures, especially in the UAE. For many Emiratis, falconry is not just a sport. It is an important tradition that has been passed down through families for many years.

1. What is falconry?
2. What do people train falcons to do?
3. Why is falconry important for many Emiratis?

Copyright © Ministry of Education – United Arab Emirates

2D How do you train a falcon?

ENGLISH

1 Draw a picture of a falconer with a falcon in the box. Label the following parts of the picture:

- beak
- falconer
- glove
- talons
- hood

2 Use the words in the word bank to complete the sentences.

beaks • falconer • gloves
talons • hood

1 My uncle is a ..... . He loves to train his falcon on the weekends.

2 Falcons eat by taking meat in their ..... .

3 One thing every falconer must have are a good pair of ....

4 Falcons hunt by catching birds using the ..... on their feet.

5 A ..... is something that covers a falcon's eyes. They wear it when they are traveling.

3 Circle the correct form of *must* or *must not* to complete the sentence.

1 A falconer **must** / **must not** wear gloves to protect their hands.

2 You **must** / **must not** keep a falcon's living space clean.

3 People **must** / **must not** follow safety rules at animal shows.

4 People **must** / **must not** be calm and patient when training animals.

5 A camel owner **must** / **must not** give the animal water every day.

6 You **must** / **must not** make loud noises near a falcon when it is resting.

Language Tip

Use the modal verb *must* + infinitive to talk about things that you need to do.

*You **must keep** the falcon clean.*

Use *must not* + infinitive to talk about things you should not do.

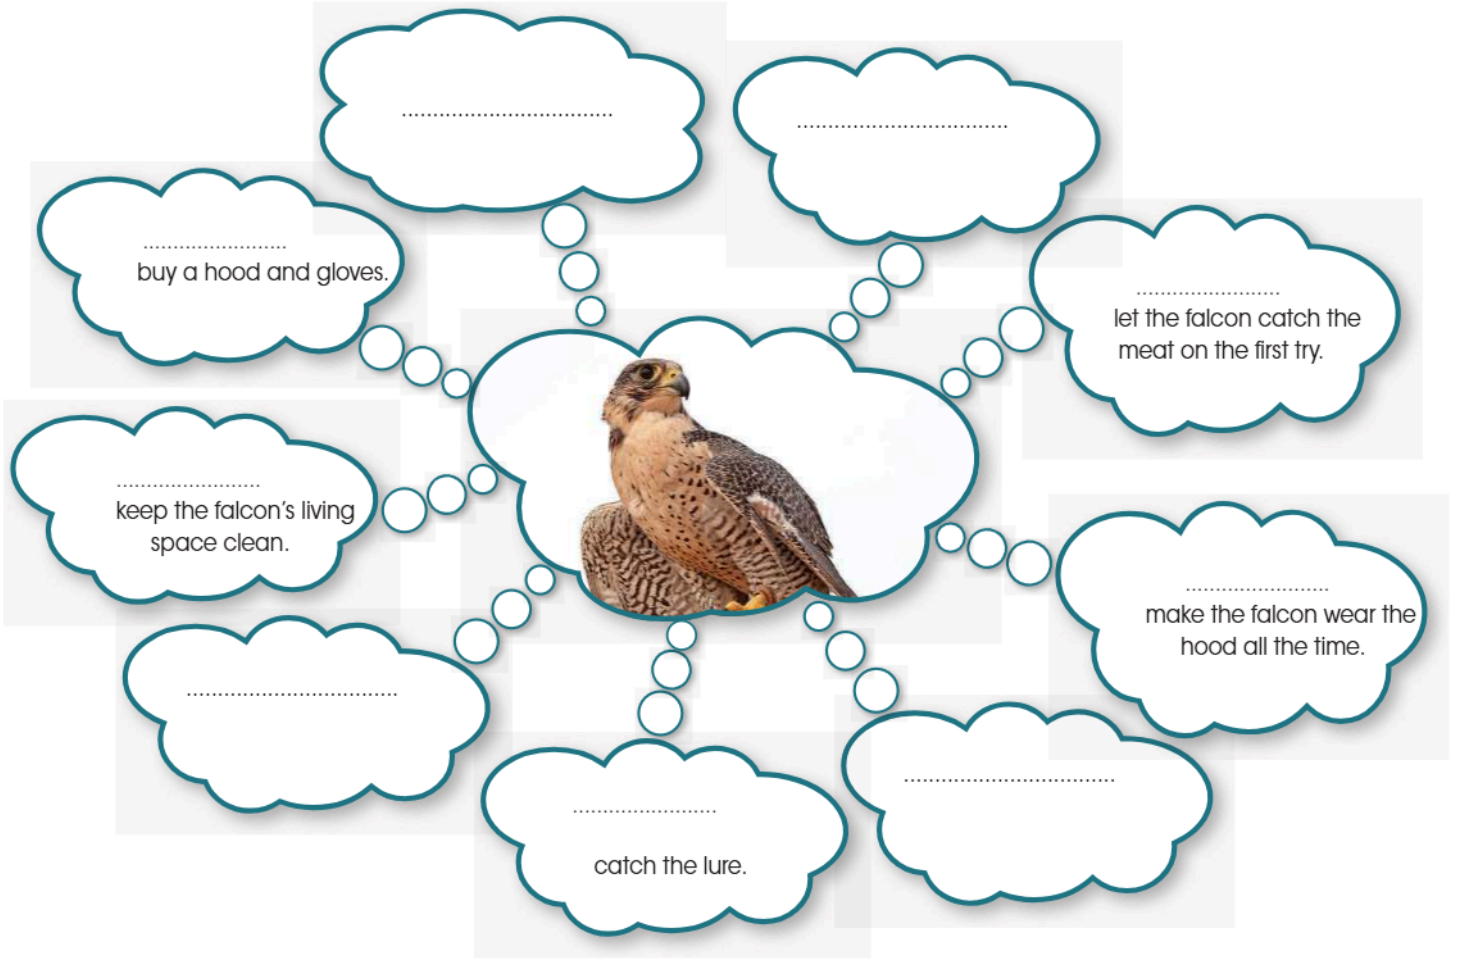

*Your falcon **must not wear** the hood all the time.*

You can also use *must* and *must not* to give advice.

*You **must try** falconry; it is the best.*

Copyright © Ministry of Education – United Arab Emirates

4 Look at the different sentences below. Decide which ones a falconer ***must*** do, and which ones they ***must not*** do. Think of three more ideas.

5 Use the mind map above to write a text about training falcons. Think about:

-What **must** you do to train a falcon?

-What **must** you **not** do when training a falcon?

-What other ideas do you have that must or must not do when training a falcon?

Write at least 70 words.

2E

How can horses help us see?

- How can animals help people?
- How can horses help blind people?

Did You Know?

A service animal is trained to help people. There are many types such as dogs, cats, dolphins, monkeys, parrots and miniature horses.

LISTENING

1 Listen to the radio interview. Decide if each statement is *True* or *False*.

	True	False
a Miniature horses live up to 90 years old.		
b Service horses help blind people walk around different places.		
c Service horses understand instructions like 'stay' and 'come'.		
d A miniature horse helps a blind person move around obstacles like streetlights and crosswalks.		
e Miniature horses can live easily in a house.		

2 Listen to the radio interview again. Fill in the blanks with the missing sequence words.

1 ..... , you need to train the horses to lead so they can walk blind people around different places.

2 ..... , you must train them to understand 23 different instructions so they can know what to do for the person with a disability. Instructions can include "stay" and "come".

3 ..... , you must teach the horses to move around obstacles, like streetlights, cross walks and especially other people! Haha... Of course, this is so that the blind person can be safe and doesn't get hurt.

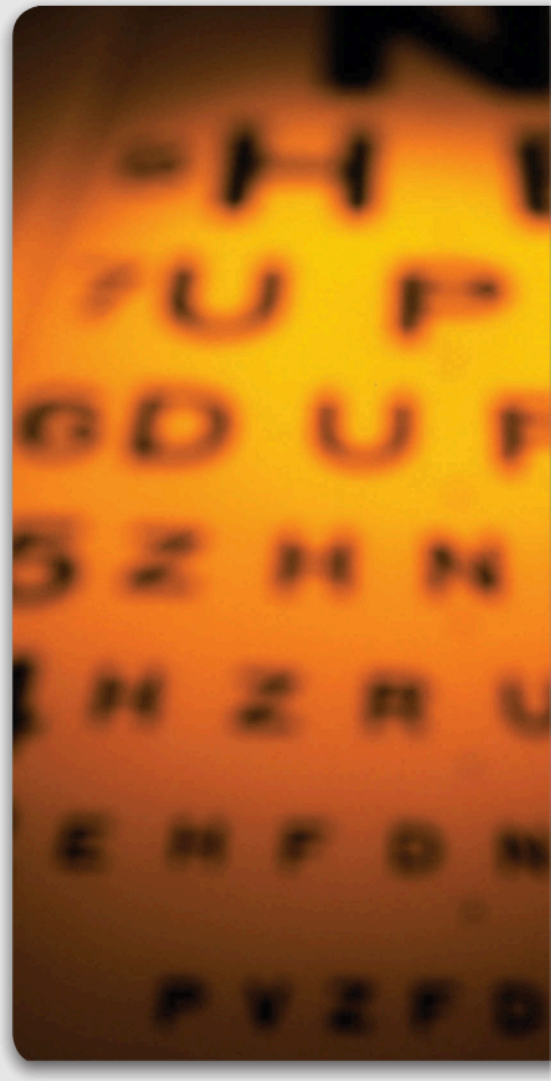

4 ..... , horses need to be trained to live with a family. However, they can't live in a house because it won't be big enough for them to move around in.

Copyright © Ministry of Education – United Arab Emirates

Writing Tip

Writing a Step-by-Step Guide

- Keep the instructions in a clear order, using words like *first, next, after that,* and *finally.*

WRITING

4 Write five sentences describing what you 'can' do, and five sentences describing what you 'can't' do.

1 .....

1 .....

2 .....

2 .....

3 .....

3 .....

4 .....

4 .....

5 .....

5 .....

5 Think of something you do every day. Imagine you are describing the activity to someone who has never done it before. Use the sequence words: *first, next, then* and *finally* to write about each step.

For example:

First, I put the toothpaste on my toothbrush. Next, I turn on the tap and wet my brush. Then, I brush my teeth. Finally, I wash my mouth with water and put my toothbrush back.

2E How can horses help us see?

ENGLISH

1 Write **can** or **can't** in each sentence. The first one is done for you.

1 Some animals **can't** help people unless they are trained.

2 A service animal ..... help people feel safer in busy places.

3 Animals ..... understand people better after working with them for a long time.

4 A guide animal ..... help a person move around, but it still needs care and rest.

5 Service animals ..... work all day without breaks.

6 Animals ..... help people in different ways, not only by guiding them.

7 A service animal ..... decide on its own what to do every time.

8 With training, animals ..... support people with different needs.

2 Put the following words in the correct order to make a complete sentence. The first one is done for you.

1 help can people animals trained

Trained animals can help people.

2 safely blind guide can person a animal

.....

3 commands understand can animals trained

.....

4 move can obstacles guide animals around

.....

5 everywhere can't animals service work

.....

6 people support can animals different ways in

.....

7 tired work can't animals service all day

.....

8 follow can animals trained instructions simple

.....

Language Tip

You use **can/can't** to talk about things we can do.

*Ali **can** play basketball.*

(positive)

or

*Ali **can't** play basketball.*

(negative)

Copyright © Ministry of Education – United Arab Emirates

3 Match the meaning with the correct vocabulary word.

1	train	a	to help someone
2	service horse	b	to show the way
3	disability	c	something that gets in the way
4	lead	d	to teach someone to do something
5	obstacle	e	not having the ability to do something easily or at all
6	guide	f	a horse that is used to help a person with a disability

4 Write a step-by-step guide using *can* and *can't* of how to train a seeing eye horse. Include an introduction and the steps. Remember to use sequence words.

How to train a guide horse.

Introduction:

.....

.....

.....

The steps:

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

4 Check (✓) the boxes if the answer to the question is 'yes'.

Is there an interesting topic sentence?	Are *can* and *can't* used effectively?	Are sequence words used effectively?
